

# K-1 Enrichment Cluster Catalogue

Please list your **top 7** choices, by writing the numbers 1-7 in the boxes to the left. 1 is your first choice.

		<p><b>Animation Station</b> Do you like drawing, iPads, and telling stories? Then come to Animation Station to learn how to make your own stop motion animated movie! You will create your very own story and illustrate the characters and the background. Then we'll use a stop motion app to take pictures of your illustrations and make them move as you tell your story. In the end you'll have your very own movie!</p>
		<p><b>Wild about Animals</b> Are you WILD about animals? Do you want to know more about wild animals and how to help them? Join this cluster to explore wild animals from around the world and learn new and interesting facts about them. Together, we will also discover ways to help and protect animals around the world. Run, hop, or slither to this cluster and let's get wild about animals!</p>
		<p><b>Create and Illustrate</b> "A picture is worth a thousand words." Every illustration is a story all on its own! Watercolor, paper, oil pastels and markers are some of the tools we may explore. Join us on our journey to create our very own illustrations using picture books as our inspiration.</p>
	 <p style="text-align: center;">Kids Yoga</p>	<p><b>Yo Yogis! Come Feel the Flow</b> Do you want to learn how to relax while having fun? Yoga can help you manage your stress by exercising your body, your breath, and your mind all at the same time. Come feel the flow in yoga and learn to build strength, coordination, and enhance flexibility in our bodies and minds. (Warning: Yoga has been known to cause health and happiness!)</p>
		<p><b>Pooch-A-Palooza</b> Aren't dogs just the cutest? If you love playing fetch and scratching your pup's belly, then you'll love discovering more about man's best friend! Do you want to know how to take care of dogs? Are you interested in different breeds of dogs? Did you know that some dogs have really important jobs? You'll even get the chance to meet some special furry friends! We will explore all of that and more in our cluster...it's going to be PAWSitively awesome! * Please note, if children have an allergy to or fear of dogs, it would be best to choose another cluster.</p>

# K-1 Enrichment Cluster Catalogue

		<p><b>Barton Creek Ninja Warriors</b> Have you ever desired to jump through hoops of fire? Swing over pools full of alligators? Then this cluster is for you! Put your imagination caps on and get ready to design and compete in the obstacle course of your dreams! Work with a team to develop an obstacle course and then test your skills in it. Work on making your obstacle course time faster and faster each time you race!</p>
		<p><b>Sing Me a Story</b> Step into an enchanted world of reading and storytelling. Students will bring wonderful stories to life through singing, dancing, reading, acting, and creating imaginative characters.</p>
		<p><b>Science at Play!</b> Do you love science? Do you love to play? Join us for science that is so fun, it may be mistaken for play! But don't be fooled, there will be lots to learn and do! You will engage in hands-on experiments and will even create a few things to play with using simple household ingredients! Get ready to dive into some slime and play dough creations and maybe even bounce away with a ball!</p>
		<p><b>Puzzled</b> Do you find yourself amongst a thousand pieces waiting to see what the picture will be? Do you have the patience to put puzzles together? Then this is the cluster for you! We will be keeping the end goal in sight as we work through many puzzles finding the perfect fit for each piece. Throw in a couple games and you got yourself into some puzzled fun! Come stretch your mind as you discover the magic of challenging your thinking. Play in groups, with partners, and on your own. Puzzlers of all levels are welcome, from puzzle experts to the puzzle perplexed. Who knows, you might even create a brain stretching game of your own!</p>
